CURRICULUM VITAE · ACADEMIC PROFILE

Mst. Farjana *Akter Limu*

B.Sc. in Computer Science and Engineering
United International University (UIU) · 2023 – Present

mlimu2310535@bscse.uiu.ac.bd linkedin.com/in/farjana-akter-limu-180846426

Academic Profile

Computer Science and Engineering undergraduate at United International University, with coursework spanning algorithms, databases, object-oriented design, machine learning, computer networks, and software engineering. Interested in software development and creative problem-solving, with working knowledge of React, JavaScript, Node.js, and MySQL.

Education

B.Sc. in Computer Science and Engineering
2023 – Present

United International University (UIU)

Focus areas: Software Engineering, Algorithms, Web Technologies, Data Science

Relevant coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Machine Learning, Computer Networks, System Analysis and Design

Academic Projects

Visual Algorithm Explorer | Data Structures & Algorithms
Campus map modeled as a graph with BFS, DFS and Dijkstra, plus a time and space complexity comparison.
Java · Graphs · Complexity analysis

Blood Management System | Object-Oriented Programming
Object-oriented design for blood inventory, donors and recipients, documented with UML diagrams.
Classes · Encapsulation · Inheritance · UML

Student Project Database | Database Management Systems
ER model for students, projects and enrollment, with a normalized schema and SQL queries.
ER modeling · Normalization · SQL · Transactions

Disease Detection Chatbot | Machine Learning
NLP chatbot study: dataset preparation, feature analysis, model comparison and evaluation.
NLP · Classification · Model evaluation

System Analysis & Design | Software Engineering
Requirements gathering and architecture design for a research project, documented with UML.
UML · Wireframing · HTML & CSS

University Routing Protocols | Computer Networks
Dynamic routing protocols for a university network, focused on performance optimization.
Routing protocols · Dynamic routing

Network Protocol Guide | Computer Networks
How a browser request travels through DNS, TCP/IP and HTTP, explained with diagrams.
OSI model · TCP/IP · DNS · HTTP

TECHNICAL SKILLS

Frontend
React, JavaScript, Tailwind CSS, HTML, CSS

Backend and database
Node.js, MySQL, SQL

Tools and workflow
Git, GitHub, Figma, VS Code

Languages and modeling
Java, UML, NLP

FOCUS AREAS

Software Engineering
Algorithms
Web Technologies
Data Science

INTERESTS

Software development
Creative problem-solving
Technology

WHAT I VALUE

Thoughtful code
Creative design
